IT PUTS THE "PEP"

Into Peptiron—The Combination of Peptin, Nux, Iron, Celery.

This is what makes Peptiron of wonderful therapeutic value, and so successful after influenza, the grip and in blood and nerve troubles, anemia, paleness, nervous weakness and the exhausting worry and anxiety over the world war. It is a real iron blood and nerve tonic, especially beneficial in the weakness following the influenza and grip, to worn-out, brain-fagged men, delicate women, school-tired girls and to fast-growing boys, invalids and convalescents, the aged and infirm. It actually puts iron, a natural strengthener, into the blood, and restores the wasted red corpuscles. Your druggist knows its great merit.—Adv.

Because Kundsens Has Lost Control of Parliament

HAS BEEN IN OFFICE SINCE JAN. 29, 1913

ulation as to the new ministry include the possibility that H. H. Bryn, Norwegian minister at Washington, will be named foreign minister.

The Norwegian cabinet, headed by Gunnar Knudsen, was formed on Jan. 29, 1913. It had a rather stormy career, its personnel being, for the most part, changed since its formation. The cabinet weathered a severe storm in November, 1917, when a resolution designed to force its resignation was brought before the Norwegian Parliament. It charged blunders in handling the food situation and failure to yield to the request of the United States to place the nation on a food allowance. The resolution was defeated, but opposition to the cabinet continued. Copenhagen dispatches announced on Jan. 24 that a ministerial crisis was imminent in Norway.
